

# Lubricate Oil

ALL CONDITIONS CHAIN OIL

- ✓ Non-sticky
- ✓ Protects against rust
- ✓ Easy to clean

## Technical Info

- Colour: transparent yellow.
- Odour: characteristic.
- Relative density at 20°C: 0.88 kg/L.
- Dynamic viscosity at 20°C: 500 mPa.s.
- Shelf life: 36 months, kept cool and dry in original packaging.

## Packing

Lubricate Oil - bottle 150ml

977430924

## Product

### Characteristics

Reduces friction for smoother shifting and longer transmission life. Protects the chain from corrosion and can be used in all weather conditions.

### Applications

Competition and leisure, all disciplines.

## Use

Apply to the centre of the links along the length of the chain. If necessary, wipe off the excess with a clean, dry cloth before riding.

Tip: For optimum performance and longevity, degrease the chain and change the oil after each ride.
