

# Deblock

RUST DISSOLVING PENETRATING OIL

- ✓ With graphite & molybdenum sulphide
- ✓ Unblocks rusted parts
- ✓ Strong and fast penetrating

## Technical Info

- Colour: grey transparent.
- Odour: petroleum odour.
- Water solubility: 0 gr/100ml.
- Shelf life: 12 months, dry, cool and frost-free.

## Packing

Deblock - 500ml

977200924

## Product

### Characteristics

Badly-maintained bicycles require another approach. You often have to deal with rusted bolts and components.

For this you need powerful products that make disassembly easier.

Deblock is a rust-dissolving penetrating oil that deals with the worst kind of dirt.

This product finds its way into the most unreachable nooks and crannies thanks to its high penetration.

### Applications

- To loosen parts that have rusted solid.

## Use

- Spray Deblock from a distance of 20 cm and give it several minutes to work its way in before starting disassembly.
